KODAK Instant Color Film

Instant color film PR10 gives you the confidence of color by Kodak.

Only KODAK Instant Cameras use KODAK Instant Color Film. Each pack holds ten color exposures in a convenient cartridge. Every exposure gives you color by Kodak which is protected with an elegant, textured SATINLUXE™ finish. KODAK Instant Color Film is also available in a convenient, money-saving Take-Two pak.

Copyprints

You can get beautiful copyprints and wallet-size prints of your favorite instant prints. Ask your photo dealer today about copyprints and wallet-size prints made from your instant pictures.

Enlargements

You can also have enlargements made from instant prints of your choice. You will be pleasantly surprised when you see that instant color print, enlarged.

Accessories

KODAK Instant Flash, Model C

Convenient, easy to use, the model C electronic flash gives more than 100 beautiful pictures from each set of four AA-size batteries (supplied). You will always know when the flash unit is ready thanks to a blinking ready light. The unit can be used indoors or outdoors for fill-in flash.

KODAK Instant Camera Bag

Kodak has an instant camera bag for almost every need. The attractive instant camera carrying bag shown above is made of leather-like vinyl.

KODAK GALLERY Instant Photo Album

Keeps instant prints beautifully displayed and well organized. Vinyl binder is packed with five die-cut leaves. Each leaf holds twelve instant prints.

KODAK Instant Postcards

Now instant prints can become instant postcards! Just slip in an instant print, add a stamp and mail. Or fold out the corners for an attractive desk-top display.
